Bracklesham**

Sue Taylor ([susant.taylor@btopenworld.com](mailto:suant.taylor@btopenworld.com) or 07970 735765)

has lived in the area with her husband for nine years. She is a retired solicitor, Parish Councillor and Chair of her Parish Planning Committee. Before retirement, she acted for a number of Housing Associations including those based in Chichester and now volunteers at the Citizens Advice Bureau, specialising in housing and property.

As Chairman of the Planning Committee, she is keenly aware of the large scale planning applications submitted for the Peninsular and has been involved in the campaigns to fight such applications including Clappers Lane.

“We all live in a beautiful part of the country and I want to ensure that any future development of the East Wittering Ward and the Manhood Peninsular generally is developed in such a way that it meets the needs of the residents and is sympathetic to its unique environment”.

Ian Curbishley (ian.curbishley82@gmail.com or 07969 246704 or on Twitter @IanCurbishley)

lives in the area with his wife, and their 2 year old Beagle, Alf. He has many personal interests including playing the drums and watching his beloved Manchester United, but his biggest passion is motorcycles - in particular Harley Davidsons.

Following the financial crisis, like a lot of people in the UK, he was made redundant. He therefore decided to start a business and he is now the proud owner of a healthcare company. Because of the Conservative Government and the confidence we have in the economy, he has created many full and part-time jobs over the years as well as being an avid supporter and hirer of apprentices through the governments' Apprenticeship Scheme.

“I moved to East Wittering in 2013. I adore all it has to offer; the beach, the village, and all the lovely people I have met during my time here. We are very fortunate to live in such a nice area, and I want to ask for the opportunity to represent you and the people of East Wittering to continue the excellent work the council has done over the last few years. I hold a particular interest in local business, the beach, and hearing the voices of young voters. This is the most crucial election for many years, and I believe the impact the youth votes could have will change the country for the better.”
